

YADAM GOPIKRISHNA

Aspiring AI / ML Engineer • Python Developer • Software Engineer

✉ gopikrishnayadam53@gmail.com • ☎ +91 6281415416 • India • GitHub: github.com/yadamgopikrishna

PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in Python development, Data Structures & Algorithms, Object-Oriented Programming, and core software engineering. Interested in Artificial Intelligence and Machine Learning, with practical project work covering data preprocessing, predictive modeling, model evaluation, conversational systems, and web development. Focused on building useful real-world intelligent applications and developing toward an AI Engineer career.

TECHNICAL SKILLS

AI & Machine Learning	Artificial Intelligence, Machine Learning Algorithms, Data Preprocessing, Feature Engineering, Model Training & Evaluation, Predictive Modeling, Scikit-learn, NumPy, Pandas
Programming	Python, Java, JavaScript
Web Technologies	HTML5, CSS3, JavaScript, REST API fundamentals
CS Fundamentals	Data Structures & Algorithms, OOP, DBMS / SQL, Operating Systems, Computer Networks, Software Engineering
Developer Tools	Git, GitHub, VS Code, Jupyter Notebook, Google Colab

PORTFOLIO PROJECTS

1. AI-Powered Student Performance Prediction System

Technologies: Python, Pandas, NumPy, Scikit-learn, HTML, CSS, JavaScript
Machine-learning application that preprocesses student-related data and predicts academic performance. Includes feature selection, model training, evaluation, and prediction.

2. Intelligent AI Chatbot

Technologies: Python, NLP Fundamentals, HTML, CSS, JavaScript
Conversational AI application for processing user inputs, recognizing intents, generating automated responses, and providing an interactive web interface.

3. AI-Based Image Classification System

Technologies: Python, Machine Learning / Deep Learning, NumPy, Pandas, HTML, CSS, JavaScript
Image classification project covering dataset preparation, image preprocessing, feature extraction, model training, prediction, and evaluation.

4. Personal AI Engineer Portfolio Website

Technologies: HTML5, CSS3, JavaScript
Responsive personal portfolio website designed to showcase AI/ML projects, technical skills, GitHub repositories, learning progress, and contact information.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science and Engineering

DVR & HS MIC College of Technology
India

Expected Graduation: 2028

CGPA: 7.5 / 10
Computer Science & Engineering

CORE COMPETENCIES

Problem Solving	Logical & Analytical Thinking	Quick Learner	Adaptability
Team Collaboration	Effective Communication	Algorithmic Mindset	Attention to Detail

CAREER FOCUS

Artificial Intelligence • Machine Learning • Deep Learning • Python • Software Engineering • Data Science • Web Development • Intelligent Applications
